SWEDISH OLYMPIC COMMITTEE

The Swedish Olympic Committee, SOC, is the supreme authority of Sweden in all Olympic matters. SOC comprises of 38 National Olympic Sports Associations as well as of 18 associations of “recognized sports”.

The Swedish Olympic Committee was established in 1913. The annual meeting following the Olympic Games appoints an Executive Board for a period of four years.

The main tasks for the Swedish Olympic Committee are the following:

- Development of top level sports.
- Talent detection and development of top level sports.
- Preparation for and selection to the Olympic Games.
- Responsible for the Swedish participation in the Olympic Games and the European Youth Olympic Festival (EYOF).
- Participation in the international work in boards, congresses, seminars and working groups within the Olympic Movement.
- Bilateral cooperation with other Olympic Committees.
- Demands for governmental subsidies.
- Olympic Marketing Program, national and international.
- Grants to the National Olympic Sports Associations from the marketing program.

Executive board

The executive board, implementing the SOC programme, meets 8-10 times a year. It consists of the President and eight members elected by the Annual Meeting, one athlete representative from SOC Athletes Commission and the IOC-members in Sweden.

President: Hans von Uthmann.

Vice presidents:
Malin Eggertz Forsmark, Anders Larsson.

Members:
Olle Dahlin, Carina Olsson, Stefan Rahm, Eva-Lena Frick, Fredrik Rapp.

Representing the athletes: Stina Gardell.

IOC-members:
Gunilla Lindberg, Frida Hansdotter, Petra Sörling.

History

Svenska Gymnastikförbundet, in 1896, and a committee appointed by Sveriges Allmänna Idrottsförbund (later named Sveriges Centralförening för Idrottens Främjande), in 1900, were responsible for Swedish participation in the two first Olympic Games.

The first Swedish Olympic Committee was founded on November 2nd 1905, in order to prepare a team for the 1906 intercalated games.

“The Swedish Organising Committee” chaired by Colonel Viktor G. Balck, was dissolved at the

end of 1906. For participating in the 1908 games, a Swedish Committee, 1907-1908, was headed by HRH Prince Royal Gustaf Adolf (the future King Gustaf VI Adolf, reigning 1953-1973). Another committee, also led by Balck, was formed in 1909 to take the responsibility for the organisation of the Games of the Vth Olympiad in Stockholm and for the participation of the Swedish team in 1912.

In its present form SOK was formed on April 27th 1913, and the statutes now in force were adopted by the Annual Meeting 2017.

SWEDEN and the INTERNATIONAL OLYMPIC MOVEMENT

When Pierre de Coubertin invited personalities and organisations to support his move towards re-establishing the Olympic Games, he included the Royal Swedish Court.

On May 1st, 1894, the marshal of the Court wrote to Coubertin: “By order of HRH the Prince Royal of Sweden and Norway, I have the honour to inform you that HRH has the pleasure in accepting patronage of the International Athletics Congress from the 16th to the 24th June 1894 which you have so kindly offered him ...”

Having won this support, Coubertin then turned to the Central Gymnastic Institute in Stockholm, and of its Director, at the time Captain Viktor G. Balck (1844-1928). Balck became an honorary member of the Organising Committee for the 1894 Sorbonne Congress at which the International Olympic Committee was founded.

Attending the Congress were two Swedish delegates, representing Svenska Gymnastikförbundet,

Lieutenant Fredrik Bergh and Major Sten Adalrik Drakenberg.

Two IOC sessions have been held in Sweden and Stockholm, the 15th session in 1912 and the 41st session in 1947, the 2nd meeting of the Executive Board with the International Federations was also held in Stockholm. The IOC Executive Board has met in Stockholm three times in 1947, 1956 and 1988.

Gunilla Lindberg is currently member of the following IOC Commissions: Olympic Programme (1998-), Olympic Solidarity (2005-), Coordination for the Games of the XXXIII Olympiad Paris 2024 (2017-) and Coordination for the Youth Olympic Games Dakar 2022 (2018-).

Frida Hansdotter is a member of the Athletes Commission since 2022 and also a currently member of Olympism 365. Petra Sörling is member of The Gender Equity, Diversity and Inclusion Commission.

SWEDEN AND THE OLYMPIC GAMES

Sweden has attended all Olympic Games with the sole exception of the St Louis Games in 1904.

In 1896, Henrik Sjöberg, a candidate of medicine, made the long journey from Stockholm to the Greek capital – partly on his own expense – to participate in four athletic events (high jump finishing 4th, long jump 6th, discus 7th, and 100 m where he was eliminated in the first round) and one gymnastic event (horse vault – placing unknown).

The first Swedish woman in Olympic competition was Elsa Wallenberg in the 1908 indoor tennis tournament in London.

The first Olympic medal was of gold and won by August Nilsson, Karl-Gustaf Staff and Gustaf Söderström together with three Danes in a tugwar team on July 15th 1900 in Paris.

Sweden has also attended all Olympic Winter games and was also represented in the winter sports events held in 1908 (figure skating) and 1920 (figure skating and ice hockey). The first Swedish competitor in the Winter Games was Elna Montgomery in women's figure skating in 1908 in London.

In the 31 Olympic Games 1896-2016 and the 23 Olympic Winter Games 1924-2018 more than 21 300 medals (including arts competition 1912-1948) has been awarded. Sweden has taken 668,5 of these medals (including 205,5 gold) and holds 9th place in the unofficial ranking.

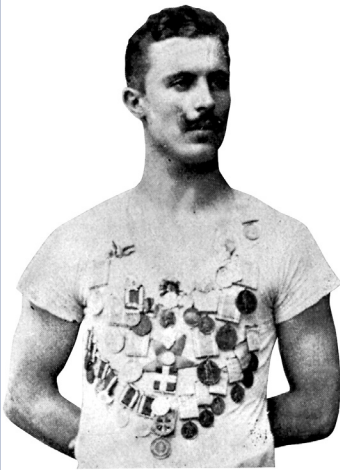

Swedish former olympians form Swedish Olympians. The aim is to promote Swedish Olympic sport, and members can be part of marketing projects of the Swedish Olympic Committee.

The Games of the 5th Olympiad was held in Stockholm in 1912. The stadium built for these Games was also used for the Equestrian Games of the XVI Olympiad in 1956.

The Olympic Stadium is also the home for the Swedish Olympic Committee.

Stockholm was candidate city for the organisation of the Games of the XXVIII Olympiad in 2004.

Sweden has been bidding, unsuccessfully, for the Olympic Winter Games in 1984 (Göteborg), 1988 and 1992 (Falun), 1994, 1998, 2002 (Östersund) and 2026 (Stockholm-Åre).

Henrik Sjöberg, athletics, first Swedish olympic participant, Athens 1896. Charlotte Kalla and Sixten Jernberg, both cross country, are Swedens most succesful olympians with 9 medals each.

OLYMPIC VENUES

AQUATICS CENTRE (Diving)

The Aquatics Centre, along with Le Bourget Climbing Wall, is the only permanent sports facility to be built for the Paris 2024 Games. It will host the artistic swimming, water polo and diving events.

CHAMP DE MARS ARENA (Judo, Wrestling)

A 10,000 sqm temporary building will host Olympic events while work is carried out on Grand Palais. IT will be dismantled in late 2024, and will be able to be reused with multiple configurations at another location.

CHATEAU DE VERSAILLES (Equestrian)

The Château de Versailles (also known as the Palace of Versailles), an iconic symbol illustrating France's global reputation. Initially built as a simple hunting lodge, the Château de Versailles was home to the court of Louis XIV in 1682 and became the epicentre of French royalty. In 1883, the site became a national museum open to the public and was the first French site to be awarded UNESCO World Heritage status in 1979.

CHATEAUROUX SHOOTING CENTRE

Inaugurated by the French Shooting Federation in 2018, this unique venue is one of the largest of its kind in Europe. Equipped with several shooting ranges and therefore capable of hosting all shooting events at the Games, the centre gained a new "finals" building in 2022, which means it can now accommodate international pistol and rifle finals.

EIFFEL TOWER STADIUM (Beach volleyball)

Champ de Mars is one of Paris' most iconic public gardens. A temporary outdoor arena has been built in order to stage the beach volleyball thus enabling everyone to enjoy this venue's magical setting.

ELANCOURT HILL (Mountainbike)

At an altitude of 231 metres, Elancourt Hill is the highest point in the Paris region. Its summit offers breathtaking views of the Eiffel Tower, La Défense and the forests around Paris. No major infrastructure has been created at the site in order to minimise the impact on its biodiversity. 95 per cent of the trails for the Olympic mountain bike events, designed by South African expert Nick Floros, are

based on existing paths. Even better, various routes will be left as a legacy of the Games and will offer a selection of accessible trails for all users, from children and families to experienced riders.

HOTEL DE VILLE (Athletic marathon, start)

Paris' city hall and its eponymous square is a historic location, which skirts the famous Seine river.

INVALIDES (Athletics marathon and cycling road race)

The Esplanade des Invalides is the garden of one of Paris' most beautiful monuments. The Esplanade is a vast green space in Paris' 7th district, located opposite the magnificent Hôtel des Invalides.

LA CONCORDE (Skateboard)

From the early stages of bidding for the Games, Paris 2024 wanted to enable urban sports to become established in their natural environment, away from stadiums, at the heart of the city. This idea is perfectly illustrated by the temporary transformation of La Concorde into an open arena. This development also illustrates the major changes that Paris City Council will put in place to sustainably

reorganise this site.

GOLF NACIONAL

One of Europe's most prestigious golf sites. Out of the two 18-hole courses, "L'Albatros" stands out as the most competitive and complex; the course is used for major international competitions, including the Ryder Cup in 2018.

MARSEILLE MARINA (Sailing)

the Roucas-Blanc Marina in Marseille is the point of departure and has been adapted for staging the Olympic Games.

NORTH PARIS ARENA (Boxing, modern pentathlon)

The Villepinte Exhibition Centre has turned into a large modular sports facility called "the North Paris Arena" for the Games. This huge exhibition centre with nine halls is the largest such facility in France.

PARIS LA DEFENSE ARENA (Swimming)

Paris La Défense Arena in Nanterre is a truly exceptional facility in terms of its scale, capacity and technology: 13km of stands, a 5,500-tonne framework, and 28,632 sqm of courts and pitches. While this venue has already welcomed more than two million spectators since it opened, with performances from leading international artists, conventions and seminars, as well as staging the rugby matches of Racing 92, it will host swimming events for the very first time.

PIERRE MAUROY STADIUM (LILLE)

(Handball finals)

Built in 2012 and home to one of France's leading football clubs in Lille Olympique Sporting Club (LOSC), Stade Pierre-Mauroy is a modular multi-sports showcase with a spectacular design. Located in Villeneuve-d'Ascq, it enables the Hauts de France region and the European Metropolis of Lille, the country's fourth largest city area, to benefit from an outstanding facility that can host a range of cultural and sporting events throughout the year.

PONT ALEXANDRE III

(Triathlon and swimming open water)

At the heart of Paris lies a bridge that sits between the Seine's two banks: Pont Alexandre III. Surrounded by countless monuments sprinkled across the capital, the bridge has been a part of the city's most memorable events since

it was inaugurated for the 1900 Exposition Universelle and is a work of art and a monument in its own right.

ROLAND-GARROS (Boxing finals)

Roland-Garros is a legendary stadium. An iconic global tennis area, it will be a key venue for the Paris 2024 Games for which it is writing a new page in its illustrious history. Roland-Garros will not only host the tennis and wheelchair tennis competitions, but also boxing and sitting volleyball.

SOUTH PARIS ARENA (Handball group matches and table tennis)

South Paris Arena is part of the Paris Expo, an exhibition and convention centre that is one of the most active in Europe and most visited in France. Across 35 hectares, 228,000 sqm of exhibition halls and eight pavilions, the Paris Expo welcomes 7.5 million visitors each year, particularly during the International Agricultural Show. With Halls 1, 4 and 6 hosting a large number of the Games' events (with others set aside for Games logistics),

STADE DE FRANCE (Athletics)

The Stade de France, the country's largest stadium, will transform into the Olympic Stadium after three decades of hosting France's biggest sports events. Built in Saint-Denis, the Stade de France was designed by architects Macary, Zublena, Regembal and Costantini. It was created for the 1998 Football World Cup held in France.

TROCADERO (Athletics race walk and cycling road race)

Trocadéro and the Eiffel Tower face one another in one of Paris' most iconic landmarks. This area will offer an exceptional viewing platform and experience for spectators and television audiences for the triathlon, road cycling, and athletics (marathon and 20km race walk) events.

VAIRES-SUR-MARNE NAUTICAL STADIUM

(Canoe flatwater and slalom)

The Vaires-sur-Marne Nautical Stadium will host the Olympic rowing and canoe-kayak events, and the Paralympic Para rowing and Para canoe-kayak events at the Vaires-Torcy leisure complex in 2024. The French Rowing and Canoe-Kayak Federations are delighted with this brand-new Nautical Stadium, which was the first newly developed Olympic facility to be delivered in 2019.
